A BIBLICAL CLASS will also be formed for the benefit of such as have the Ministry in view.

LOCATION.

Williamsport is one of the most beautiful and healthful places in the State. It has never been subject to epidemics of any kind. No student has hitherto suffered in health by a residence here. On the contrary, many coming to the school sickly, have returned fully restored. In point of intelligence and morality the citizens will compare favorably with those of any other place. The location is central and accessible from all quarters. The Railroads, now completed, bring us within a few hours ride of Elmira, Danville, Pottsville, Harrisburg, Hollidaysburg, Philadelphia and Baltimore. No more desirable position for a Seminary of Learning can be found.

ORGANIZATION.

The School is organized on the most approved plan, of the best Institutions of New York and New England. It embraces both sexes, under the same government and instruction. The Principal's family and the Teachers occupy apartments in the building and have a constant oversight of all the Students.

The Ladies' private and public rooms are entirely separate from the others, and there is no association of the sexes but in the presence of their instructors. *The Ladies and Gentlemen have less freedom of intercourse here than at home.*

The happy influence, *mutually exerted*, in their slight association in the recitation-room, at the table, and in the public exercises of the Chapel, is to be seen in the cultivation of a cheerful and animated disposition,—in the formation of good habits and manners,—in ardent devotion to study—and in the attainment of high moral character.—These with many other valuable results, have established the fact, that the best plan for a school, is, according to the evident design of Providence in the constitution of society, on the basis of a well regulated, christian family. *Ladies* equally with the Gentlemen, are benefited in this arrangement. The numerous and crowded Schools of this kind, spreading over the country, fully attest the correctness of this plan.

ACCOMMODATIONS.

The Buildings will accommodate about three hundred students. They are of brick, heated by furnaces in the cellar, and are well nigh fire-proof. The rooms are large and well ventilated. In the entire arrangement of the buildings, great care has been had for the comfort and health of the occupants. The grounds contain about seven acres, affording sufficient room for exercise and play.

BOARDING, &c.

The Trustees have been able to make new arrangements in the Boarding Hall, by which a large expense will be saved to the student. By the following list of prices it will be seen that our total expense is quite as low as that of any Institution of like grade in this state; not excepting those schools in which cheap scholarships have been sold. We desire and intend to bring down the cost of education to the lowest point possible, and thus afford to the masses, sound, intellectual, and moral culture. Board, including washing (10 pieces), room light and fuel, is \$2,25 per week.

ROOMS AND CLOTHING.

The rooms are furnished with all heavy articles, but the Students must bring their own sheets (for double beds), pillows, pillow cases, blankets, counterpanes, and towels; and find their own brooms.

Students should be supplied with warm, durable clothing, heavy boots and shoes, an umbrella, and a pair of slippers to be worn while in the building. *All articles of clothing should be carefully marked with the full name.*

TERMS OF ADMISSION.

1. The Student must be well recommended as to moral character. The school is not designed to be a House of Refuge.
2. Must arrange, with acting Treasurer, all bills.
3. Must be willing to take at least four studies; unless excused by the Board of Instruction.
4. Must deposit, with the Principal, all spending money, to be returned in such amounts as he may think best.
5. Must give assurance of compliance with all the Rules and Regulations of the School.

N. B.—Each student will be considered a member of the Institution, until due notice shall have been given of intention to leave.

APPARATUS.

The Seminary is furnished with a superior collection of apparatus, together with full sets of Globes, Maps and Charts, and a good Cabinet of Minerals, thus affording every facility for illustration and experiment.

DISCIPLINE.

The Discipline is mild, but firm and impartial. While every encouragement will be given to the orderly and studious, and due allowance be made for youthful indiscretions, yet the lawless and refractory cannot long remain among us.

RELIGIOUS SERVICES.

Every student is required to attend religious service at the opening and close of school, each day, as well as public worship morning and evening every Sabbath, *at such place as parents or guardians may designate.*

N. B.—Each student must be supplied with a Bible, to be read *without note or sectarian comment*, in the morning and evening services of the Chapel. The whole school read in concert.

LITERARY SOCIETIES.

Besides the regular weekly exercises in Composition and Declamation, there are four flourishing Literary Societies in the Institution; the "Belles Letters," "Gamma Epsilon," "Tripartite Union," and "Eclectic," each of which prepares and reads to the school a paper once a month. About 1500 vols. are in the Societies' Libraries.

MERIT AND DEMERIT.

A strict weekly record is kept of all the exercises of the School, from which record the students will be graded, and their scholarships will be indicated in the annual Catalogue.

A record of demerits also is kept. Tardiness, unexcused absences from required exercises, and all disorderly conduct, will subject the student to demerit marks. Three such marks will bring a private reproof before the Faculty; six, a reproof before the Ladies or Gentlemen, as the case may be; nine a public reprimand before the whole school; and twelve may send the offender away.

TO YOUNG MEN.

Several steady young men can have employment in the Institution, and thus meet a large portion of their expenses.

Schools also can be had by Ladies and Gentlemen who desire to teach. Frequent applications are made from a distance for competent teachers.

C A L E N D A R .

The Academical year is divided into three Terms, commencing as follows :

	COMMENCES	ENDS
1st. Term (18 weeks.)	Aug. 13, 1857.	Dec. 16, 1857.
VACATION OF THREE WEEKS.		
2nd. Term (12 weeks.)	Jan. 7, 1858.	April 1, 1858.
3d. Term (12 weeks.)	April 2, 1858.	June 20, 1858.

A WORD TO PARENTS.

1. Try to have your children here at the commencement of the Term. The classes are then formed, and it will be better for all concerned for the student to start regularly with his class.

2. If possible, do not call them away during the session. Absence, if only for a few days, disarranges the classes, and is generally the beginning of irregularity on the part of the scholar.

3. Do not allow your children to leave the school before the examinations unless it cannot be avoided. Serious inconvenience, to all concerned, often arises from a neglect of this caution.

4. Supply them *very sparingly* with spending money. The free use of money is one of the greatest banes of a school, and a fruitful source of evil to the student. Parents cannot be too cautious on this point.

5. Select for your child one of the Instructors, as a Patron to distribute his funds. In this way, a more judicious use of your money will be made, and your child be kept from many temptations.

N. B.—These last two suggestions are to be regarded as established rules of the school.
